

**Habitat for Humanity Winnipeg is on Facebook!**

Habitat for Humanity Winnipeg, already on Twitter, has added Facebook to its social media marketing to further spread the news about the Habitat mandate. Just go to our website [homepage](#) and click on the Facebook logo to join us. Twitter and Facebook are also linked to conveniently ensure all our information is seen by as many as possible. Updates and photos from our upcoming Blitz Build will be posted along with any exciting new developments. Stay tuned!
