

**We need Salvage Crews!**

The Habitat for Humanity Winnipeg ReStore is looking for a group of individuals who love to take things apart! Intermittently throughout the year, the Restore is given the opportunity to remove the contents from homes and buildings to add to their product inventory. If you enjoy dismantling just about anything, then this is definitely for you!

We are looking for individuals who require very little notice, are adept with tools and very careful about the dismantling process. If this sounds like you, please contact:

Brenda Mulvaney  
General Manager  
Habitat for Humanity ReStore  
60 Archibald Street
