

What's new with WOMEN BUILD

Women Build's 2009 family

Cynthia B. is a loving, caring mother trying to provide the best environment in which to raise her three children.

She is steadily employed and works up to 80 hours a week in order to make ends meet. They have been living in a cramped townhouse for the past 6 years and unfortunately, they feel like prisoners in their own home.

The younger children can't wait to move into their new home so that they can freely play outside in their own yard. Kirsten, the youngest, is also looking forward to having a room of her own, as she currently shares with her mom.

Cynthia is looking forward to having a safe place to call their own.

Ambassador Program

Women Build is excited to announce a new Ambassador program for 2009. You'll be able to recognize our Women Build Ambassadors as they will be wearing a Gold Heart Hammer pin. Whenever they are asked about the significance of this unique pin, they will talk about and promote Habitat for Humanity Winnipeg's Women Build.

Our distinguished Ambassadors include:

Ruth Asper, Barbara Bowes, Doneta Brotchie, Michelle Geary, Shelly Glover, Joan Kennedy, Brenda Mudry, Billie Jo Ross, Chris Urban and our Youth Ambassador Kamal Dhillon.

If you would like more information about our Women Build Ambassador, please contact Linda Peters at lpeters@habitat.mb.ca.

Merchandise

Women Build has a line of merchandise available - my personal favourite being the embracelet that sells for \$17.00. To purchase this bracelet, or another item in support of Women Build, [please click here](#).

Help!

Women Build needs financial sponsors in order to achieve their goal of raising \$125,000. They are at risk of not being able to build a home in the 2009 build season. Habitat sponsors not only receive promotional benefits, but they can also participate in the construction of a home for the Women Build family, working alongside Cynthia, the homeowner. Working on the construction site offers an excellent team building experience. If you know of any organization that would be interested in supporting Women Build, please contact Leah Roche at leahroche@shaw.ca or Loraine Nyokong at lorainenyokong@gmail.com.
