

What's in ReStore?

Don't let the tough economic times slow your home improvement, decorating and renovation projects! At the ReStore, you can find everything you need at 50% below retail prices!

HFHW's ReStore is literally overflowing with a wide array of products that will cater to a variety of home improvement needs. In store you will find a large selection of new plumbing items, moldings, countertops, doors, kitchen cabinetry, hardware, lighting fixtures, furniture, home décor and much more!

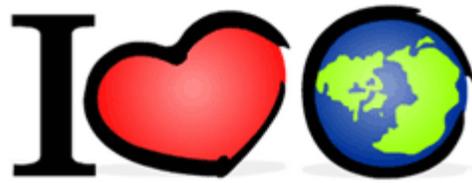

With the gracious support of organizations such as DeFehr Furniture Ltd., Dufresne Furniture and Appliances, Palliser Furniture Ltd., The Radisson Hotel and Canad Inns, you will find an outstanding assortment of home furnishings suitable for all tastes and styles at discount prices.

The HFHW Restore also helps Winnipeggers reduce their impact on the environment. During 2008, the ReStore diverted more than 1,500,000 pounds of material from local landfills and is a popular green alternative to curbside disposal.

Generous donors like Bockstael Construction continually make the extra effort to donate valuable, reusable construction items to our ReStore. Crews take every measure to ensure these items are carefully salvaged from construction sites and donated to the ReStore to avoid filling the landfills.

Donating to and shopping at the ReStore helps to cover all of HFHW overhead expenses, which includes salaries and utilities. This means that 100% of the money donated by an organization or individual goes directly into building homes for low-income families in our community.

Please join us at The ReStore's annual Earth Day sale on Wednesday, April 22nd. The ReStore will be offering 20% off all product (excluding mattresses). New stock will include perennials, trees, and other garden and yard items.

Stop in and shop at the ReStore to support Habitat for Humanity and discover some great deals!
