

What's New with WOMEN BUILD

In March, Women Build launched a new fundraising campaign where you can donate "One Square Foot" toward the efforts to construct the Women Build home for Cynthia and her family in 2009. You can purchase One Square foot for \$125. Please [click here](#) to view the Women Build campaign brochure.

In May, Women Build will be starting an exciting fundraising challenge with Winnipeg firefighters. 26 fire halls will be participating in a campaign entitled, "The boys in the hall helping the girls in the house." If you are interested in supporting this campaign at your local fire hall, please contact lpeters@habitat.mb.ca or contact Bruce Duncan at 794-8991 or 582-1727. Stay tuned to see the results!

How else can you help:

DONATE

Donations can be made by [clicking here](#) or by calling (204) 233-5160 Ext 0.

BECOME A HOME SPONSOR

There are different levels of sponsorship available with varying levels of recognition. One of the most popular benefits is providing your team with an opportunity to construct the home, often working alongside the homeowner(s). It is a great opportunity to team build while building a safe, decent and affordable home for a low-income working family.

FUNDRAISE

Individuals and teams can also fundraise for Habitat for Humanity Women Build by using our on-line fundraising tool found on the [Women Build](#) page.
