

What's New with Women Build

Women Build is looking to grow its committee. The committee is responsible for raising the funds required to build a safe, decent, affordable home for a low-income working family to purchase. If you are interested in joining a working committee that plans and organizes fundraising events, and fundraisers, please join us at our September 9th meeting. It will be at 5:30 at the Habitat offices, 2nd floor, 60 Archibald St. If you plan to attend, please RSVP to lpeters@habitat.mb.ca. If you can't attend this meeting, but would still like to get involved, please also let us know.
