**Local Military Squadron Lends a Hand to Habitat for Humanity Winnipeg
Single Mom to thank soldiers for their help in constructing family a new home at
ribbon cutting ceremony.**

WHAT:

On Wednesday, November 28, 2007 members of the 402 Squadron stationed at 17 Wing Winnipeg will witness the ribbon cutting and key presentation at one of the five Habitat for Humanity Winnipeg homes they helped construct this past July.

During the week of July 23 – 27, 2007 approximately 20 members of CFB Winnipeg's 402 Squadron braved record setting temperatures to help roof the new St. James Habitat home of Ellie D.

As a longtime supporter of Habitat for Humanity Winnipeg's mission to help build safe, decent, and affordable housing for low-income working families, 402 Squadron is one of the local not-for-profit's most dependable groups for providing skilled volunteers. Their participation during the 2007 Habitat build season marks the thirteenth year that CFB Winnipeg has provided volunteer support.

WHO:

Sandy Hopkins, CEO, HFHW
Lieutenant Colonel Richard Witherden
Ellie D., new Habitat Homeowner
Members of 402 Squadron who volunteered during the construction of 306 Ferry Road
Habitat for Humanity Winnipeg Staff
